Custom Service Hardware®

Built on service, since 1977

At Custom Service Hardware, partnership goes beyond a promise, it's the foundation of how we serve builders, designers, contractors, and homeowners every day. As a proud Midwest company with over four decades of experience, we deliver reliability and genuine community values to every collaboration.

We know that creating exceptional spaces starts with having the right choices and uncompromising quality. That's why we offer a vast selection of premium cabinetry from trusted vendors, empowering you to achieve your design goals with flexibility and confidence. We maintain a commitment to quality in all aspects, from customized drawers to resilient finishes, ensuring an exceptional final result for your space.

Our partnerships are built for longevity. We prioritize clear communication, collaboration, and quick responses aligned to your needs. With technical expertise and genuine connection, we help you manage challenges and provide creative solutions. Custom Service Hardware is more than a supplier; we're your dependable partner now and into the future.

Build Your Dream Space

START TO FINISH

Build your dream cabinet space from start to finish. From planning and design, to selecting the perfect style, color, and layout, we guide you through every step to make the process smooth and stress-free. While kitchens are often the first place people think of for cabinets, they're so much more versatile—perfect for bathrooms, laundry rooms, home offices, garages, and beyond. Wherever you need storage and style, we'll work with you to create a space that fits your life and brings your vision to reality.

Your personal style is the result of how all the elements in your space come together. Paint sets the mood, hardware adds character, and a backsplash brings in texture. Flooring anchors the space, lighting shapes the atmosphere, and cabinet style defines the overall look. Together, they create a design that's uniquely yours.

Cabinet inserts help maximize space and keep everything organized, giving items like spices, cookware, and pantry goods a dedicated spot. They reduce clutter, make essentials easier to find, and add everyday convenience to your home.

A rolling ladder brings beauty and function to any space, combining timeless style with everyday practicality. Easily reach high shelves in a library, kitchen, pantry, closet, or entryway while adding a touch of sophistication to your décor. With its perfect blend of charm and utility, a Putnam Rolling Ladder enhances organization, efficiency, and style—add one to your home today!

Start Dreaming at putnamrollingladders.com

Your Kitchen Looks
Better with a Ladder.

Kitchen Work Zones

Every kitchen is unique, and the traditional work triangle remains a trusted foundation for creating efficient layouts. Over time, though, the kitchen has evolved far beyond a place for cooking. It has become the central hub of the home—where family and guests gather, share conversations, and spend time together creating memories.

Modern kitchen designs often include additional spaces such as coffee/beverage stations, wet or dry bars, dedicated baking areas, desk or drop zones, and casual hangout spaces. These features reflect the way we live today and can adapt to a household's changing needs.

The work triangle is still an excellent starting point, but it's only the beginning. Building upon this concept allows you to create a customized kitchen that perfectly balances functionality, family life, and entertaining.

Parallel Layout

When designing your kitchen, it's a great idea to start with one of these foundational layouts, which follow the kitchen triangle — the ideal connection between your sink, stove, and refrigerator. These three points should form a clear, unobstructed path to minimize movement and improve workflow.

- 2 Tilt-Out Tray
- 3 Corner Cabinet Optimizers
- 4 Double Tier Silverware Drawer
- 5 Roll-Out Drawers
- 6 Rolling Ladder
*Putnam Rolling Ladder®,
Quiet Glide®, Black, Maple*
- 7 Floating Shelf
- 8 K-Cup Insert
- 9 Spice Insert
- 10 Appliance Lift

INSERTS

Effortless Organization, Everyday Convenience

Waste Pull-Outs

A kitchen waste pull-out keeps trash discreetly out of sight while maximizing cabinet space. With smooth gliding access and a clean, built-in look, it offers a smart, efficient solution for every day waste management.

1

Tilt-Out Trays

A tilt-out tray under your kitchen sink turns unused space into handy storage for sponges, brushes, and pan scrapers, keeping counters clear and essentials within reach.

2

Corner Cabinet Optimizers

Corner cabinet storage optimizes unused space and improves accessibility with solutions like Lazy Susans or pull-out shelves, keeping items organized and easy to reach while boosting overall kitchen storage.

3

Double Tiered Silverware Drawers

A double-tiered silverware drawer maximizes space by stacking two organized layers, keeping everyday utensils on top and less-used items below for easy access and a clutter-free kitchen.

4

Roll-Out Drawers

Roll-out drawers enhance storage in kitchens and bathroom vanities by sliding out smoothly for easy access. They minimize clutter, save time, and keep items neatly organized.

5

Rolling Ladders

A rolling ladder maximizes vertical storage by giving you convenient, easy access to high shelves and hard-to-reach areas. It also adds a touch of style and functionality, transforming your space into something both practical and visually impressive.

6

Floating Shelves

Showcase kitchen essentials, books, framed photos, and more with floating shelves. They're an ideal solution for storing your items while highlighting your personal style.

7

Coffee/Tea Organizers

Keep your coffee and tea pods neatly stored and within reach. This space-saving organizer fits perfectly in a drawer or cabinet, helping you maintain a tidy, streamlined kitchen while letting you find your favorite flavor in seconds.

8

Spice Inserts

A spice drawer keeps every flavor neatly organized and right at your fingertips. No more searching—just grab, sprinkle, and savor in style. Designed to maximize space and keep your kitchen looking clean and efficient.

9

Appliance Lifts (For full-height door cabinets only)

An appliance lift adds convenience by allowing you to easily store heavy kitchen tools, like stand mixers, out of sight but within easy reach. It also helps maximize counter space while reducing strain from lifting bulky items.

10

Built on craftsmanship and efficiency, Fabuwood is a semi-custom cabinet company with manufacturing rooted in the U.S. and supported by global sourcing. Operating expansive facilities in New Jersey and California, they've become one of America's largest cabinet manufacturers, known for quality, speed and value.

Fabuwood Pre-Assembled Cabinets + Craftsmanship

Inside Fabuwood Cabinetry

Fabuwood cabinets meet an industry leading quality standard defined by these twelve standards. Visit fabuwood.com to learn more.

Grade-A-Materials

To ensure the absolute integrity of our product, each element is carefully selected. We start by choosing only "Grade-A" materials and make no compromises.

Quality Craftsmanship

Fabuwood cabinets combine exceptional strength with precise craftsmanship, meeting top industry standards for lasting quality.

Construction

Fabuwood cabinets feature Allure Dovetail and Illume Threespine® construction for lasting strength and durability. They also include Blum's Tandem Plus full-extension glides with compact soft-close hinges for maximum storage and smooth operation.

Pro-Touch Finishing

Allure and Illume cabinets combine elegant, durable finishes with Fabuwood's sustainable pro-touch technique, ensuring lasting beauty and easy maintenance for years.

TA Cabinetry is one of the leading providers of high quality Ready-to-Assemble and semi-custom cabinetry, dedicated to offering affordable and stylish solutions for every home. Founded on the principles of quality affordability, TA Cabinetry has quickly become a trusted name in the industry. TA Cabinetry's mission is to make beautiful and functional kitchen and bath living spaces.

TA Ready-to-Assemble Cabinets + Craftsmanship

Inside TA Cabinetry

TA Cabinetry takes pride in its commitment to quality and craftsmanship, guided by the belief that quality should endure for years to come.

Carefully Selected Standard

The style and design offerings of TA Cabinetry meet diverse customer needs, combining aesthetic appeal with practical functionality.

Quality Craftsmanship

TA Cabinetry offers factory direct all-wood cabinets that combine affordability with exceptional quality.

Construction

Each unit delivers custom-level craftsmanship and features—like dovetailed full-extension soft-close drawers, soft-close hinges, and reinforced metal corner brackets—all at an exceptional value.

Finishing

TA Cabinetry uses a premium multi-step finishing process. Stain and paint finishes receive a durable catalyzed clear topcoat, while glazed finishes are hand-applied and sealed with the same protective coating.

JSI Cabinetry delivers high-quality wood construction with rich details and attractive finishes. With a wide selection of styles and colors fit the latest in home décor trends, matching any design theme and lifestyle. The JSI Cabinetry mission is to deliver quality cabinetry that makes a high-end impression at a fraction of high-end cabinetry costs – allowing you to invest in additional upgrades and build the kitchen or bath of your dreams.

JSI Ready-to-Assemble & Pre-Assembled Cabinets + Craftsmanship

Inside JSI Cabinetry

JSI proudly offers rich details, attractive finishes and quality all-wood construction cabinets to fit any home or lifestyle.

Carefully Selected Standard

Each style collection is curated with finishes and designs that align with today's leading industry trends.

Quality Craftsmanship

JSI Cabinets combine efficiency and durability, delivering lasting quality in both craftsmanship and design.

Construction

Dovetail construction and soft-close hinges included in all styles of the Designer Series and Premier Collection.

Finishing

With factory-quality craftsmanship, JSI applies a catalyzed conversion varnish to painted cabinets and a polyurethane topcoat to stained cabinets, creating a long-lasting satin finish.

Legend Cabinetry offers a unique collection that blends innovative design with lasting quality. Crafted in the USA by experienced artisans, our cabinetry combines premium craftsmanship with affordable price points — delivering beauty, durability, and value for every home.

Legend Pre-Assembled Cabinets + Craftsmanship

Inside Legend Cabinetry

Welcome to Legend Cabinetry — proudly American-made with small-town roots. At Legend, you don't have to choose between quality and value — our craftsmanship brings tradition home.

Carefully Selected Standard

Legend cabinetry begins with unique door designs to fit your style. Choose from high quality materials including Birch, Rustic Birch and HDF on painted styles — finished in today's most popular paint and stain colors.

Quality Craftsmanship

Legend cabinets combine timeless design, quality craftsmanship, and lasting value. Legend is committed to delivering affordable cabinetry, built for today's lifestyles.

Construction

Enjoy popular, high-end features — including plywood construction, concealed dovetail drawers with full extension, soft-close slides and hinges and more — all for an affordable price.

Finishing

Put your trust in durable cabinetry featuring catalyzed varnish finishing baked on with infrared (IR) ovens in our state-of-the-art, environmentally controlled clean room free of dust, humidity and temperature fluctuations.

Open Air Outdoor Cabinetry is an American-made brand specializing in premium HDPE outdoor kitchen cabinets. Built to withstand the elements, our cabinets are durable, UV-stable, rust-free, easy to clean, and FDA-approved for food contact—bringing beauty, performance, and peace of mind to your outdoor space.

Open Air Pre-Assembled Outdoor Cabinets + Craftsmanship

Inside Open Air Cabinetry

Proudly made in America, the raw materials come from a local provider, and are made with 25% recycled plastic for an eco-friendly product. Open Air Outdoor Cabinetry materials are good for customers and the planet.

Carefully Selected Standard

Open Air Outdoor Cabinetry features durable, weatherproof, and nontoxic materials built for any climate, with a wide range of colors and styles to elevate and transform your outdoor living space.

Quality Craftsmanship

More than outdoor kitchen builders—we combine Pro Kitchens' software with advanced CNC machinery to craft cabinets with flawless finishes & custom styles. This process makes creating your dream outdoor space seamless.

Construction

Open Air cabinetry crafts their cabinets from sustainable marine-grade polymers that are durable, moisture and stain-resistant, and FDA-approved for food contact. Stainless steel drawer slides and hinges are used to withstand the elements.

Finishing

HDPE is a superior choice for maintenance and durability. The color of your choice is infused throughout the core of the material. Free from paints or VOCs, they're both safe & aesthetically pleasing.

Cabinet Specifications

Assembly hardware will remain visible; order additional finished end panels for any exposed ends.

1 Cabinet Box, Door & Drawer Fronts

- Solid 3/4" thick polyethylene (HDPE) marine-grade polymer.

2 Side/Exterior End Panels

- Assembly hardware will remain visible on exposed ends. To conceal these areas, order an additional finished end panel. Choose a style that matches your cabinet doors, or select a plain panel for a clean, minimal look.

3 Cleat/Wire Pass-Through

- This notch-out provides space for the mounting rail to allow flush installation, as well as a pass-through for cabinet lighting wires.

4 Hinges

- Stainless steel.

5 Drawer Box Construction & Glides

- Solid 1/2" thick polyethylene (HDPE) marine-grade polymer. Stainless steel, full-extension ball-bearing glides.

6 Shelving

- Solid 3/4" thick polyethylene (HDPE) marine-grade polymer adjustable shelving.

7 Leg Base

- Adjustable leveling legs for uneven surfaces. Includes mounting plate for optional toekick.

Additional Notes

- HDPE materials: 100% recyclable high-density polyethylene with color running throughout. Maintenance-free, durable and backed by a limited lifetime warranty. FDA- and USDA-approved for food contact. Waterproof & resistant to mold, mildew, fungus, and bacteria. Superior UV-stabilization and fade-resistant.
- Aluminum rail runs along the top and bottom of wall cabinets, as well as the bottom of base cabinets and base cabinet shelving.
- Interior colors: Default to the color of cabinet (for matte finishes); black interiors available upon request subject to availability. Woodgrain and metallic colors will have the option of a matte finish.
- Cleaning: Clean with mild soap and water.
- Assembly options: Pre-assembled.
- Options available: Door edge profile options, cabinet inserts, trim and accessories.
- Sustainable and eco-friendly.
- Made in USA.

Available, shipping locations: Olyphant, PA

Since 1964, Conestoga Wood Specialties has crafted premium cabinet doors and wood components for the Kitchen & Bath industry. Family-owned and dedicated to quality, offering doors, moldings, drawer boxes, frames, RTA cabinets, and accessories. Conestoga production facilities are dedicated to serving individual market segments including Custom Kitchens, Baths and more.

Conestoga Ready-to-Assemble Custom Cabinets + Craftsmanship

Inside Conestoga Cabinetry

Through continuous refinement of our process and upgrading of equipment we combine the best that technology has to offer with over 1,100 trained and dedicated craftsmen, ensuring that our products will always meet or surpass our customers' expectations.

Construction

The ready-to-assemble cabinet box offers solid wood dovetail drawer boxes, soft close drawer slides and hinges along with a number of optional enhancements.

Carefully Selected Standard

Conestoga has developed a variety of material grades to make the most of our natural resources while maintaining exceptional quality. Each grade offers distinct characteristics, giving you the flexibility to select the best option for your project needs.

Finishing

Conestoga Wood Specialties leads the industry in finishes with over a thousand options to choose from. From painted effects to glazes and stains, every piece is crafted to preserve its beauty for a lifetime.

Quality Craftsmanship

For over half a century, technology has advanced custom cabinetry, yet nothing matches the skill and passion of our craftspeople. With precise craftsmanship and a strong work ethic, we deliver products of lasting beauty and quality.

Exceptional Craftsmanship

High-quality, ready-to-assemble framed cabinet components are expertly crafted with sliding French dovetails and splines, ensuring both ease of assembly and years of durable use. This precision construction provides a strong foundation for a cabinetry program that is as versatile as it is dependable.

Building on that craftsmanship, the Cabinet Systems Program offers over 100 standard configurations and nearly limitless sizing options, giving you everything needed to design and build cabinetry for kitchens, baths, and beyond. From walls, bases, utilities, appliance cabinets, vanities, and specialty pieces, this expansive collection—enhanced by more than 100 door design choices and custom features such as mullions for glass doors, wood corbels, crown moldings, architectural accents, range hoods, inserts and pull-out organizers—allows you to meet virtually every design need.

Your Finish, Your Way

The finishing touch is the first impression. That's why Conestoga Wood Specialties is dedicated to being leaders in the art of finish. From clean, timeless paints to glazes with depth and character, to stains that captivate the eye—the Conestoga craftsmanship is exceptional. With over a thousand options, plus fully custom creations, the possibilities are limited only by imagination. Every finish is carefully applied, whether by hand or with advanced technology, then sealed to ensure beauty that will last a lifetime.

Choose from over 1,000 finish options

Farmhouse

Farmhouse cabinet doors feature a warm, inviting look with rustic details such as shaker-style panels, distressed finishes, or natural wood grains. They often incorporate light, neutral colors like white or cream to create a cozy, timeless, and welcoming kitchen atmosphere.

SavannahMT

*Franklin Door,
Dark Roast Stain On Cherry*

CRP-10 Reverse G-Cove, Frost Paint & Autumn Stain On Red Oak

Traditional

Traditional style cabinets feature timeless design elements like raised panel doors, ornate molding, and rich wood finishes that create a warm and elegant look. They are often chosen for their classic appeal and ability to bring a sense of sophistication and tradition to kitchens and living spaces.

Crawford

CRP-101728

CRP-10875

CRP-10SQ2

Franklin

Transitional

Transitional style cabinet doors blend the clean lines of contemporary design with the warmth and detailing of traditional cabinetry. They often feature simple frames and neutral finishes, making them versatile and timeless in both modern and classic kitchen spaces.

TW-Miter

TW-10

TW-1038

*Rio Door-225,
Allure Alternative Material, White Chocolate*

TW-10 Door, Slab Drawer Front, Frosty White & Ebony

Modern

Contemporary cabinet doors emphasize sleek, clean lines with smooth surfaces and minimal ornamentation. They often use materials like glass, laminates, or wood veneers and pair well with neutral or bold finishes for a modern, streamlined look.

Aspen

OmahaPP

Rio-225

Slab 1-Piece

Strata 3-Piece

Mullions

Simple or intricate, we offer a wide variety of mullion designs to choose from—or we can create one based on your own design. These doors are designed with grooves to accept glass, which you purchase separately from your local glass shop.

6 Lite

9 Lite Offset

X-Lite with Open Hub

Double Bow

Continuous Double Arch

Hoods Styles

A range hood can be a focal point in a kitchen that merges form and function. It whisks steam and cooking grease out of a kitchen, helping to protect the cabinets and surfaces, and elevates the room's design. Conestoga has a wide selection of custom wood range hoods available, which can help you put the finishing touch on a new kitchen design.

Z200, Driftwood Stain

CHW, Natural Stain

CSRH, Frosty White with Oyster Glaze

Decorative Elements

Adding a decorative post, corbel, or foot to your kitchen island brings depth and personality to the space. These details create a custom, furniture-style look that makes the island feel like a centerpiece rather than just a workspace, adding warmth and architectural charm to your kitchen design.

Customer Service Is Central To Our Mission

"Can't say enough good things about the quality of the cabinets. Our Cabinetry Expert went above and beyond. He kept in touch and walked me through keeping things straight as we were building multiple kitchens and baths once again. It was a pleasant experience from start to completion. I've used them for several properties and will definitely continue!" - *Kaz O.*

"Wonderful experience for each of the 3 projects I have purchased for with CSH Hardware. First was for a beautiful walnut ladder and railing system... absolutely fantastic quality, second for a kitchen remodel that turned out beautifully + fantastic service and partnership during the ordering process (thank you to our Cabinetry Expert for your world-class service.), to our most recent office remodel. Great products and even better customer service. Well done Custom Service Hardware!! I will be your customer for life!!" - *Erica V.*

"I found CSH to be professional, well priced, with good communication back and forth as we designed, then redesigned a couple of more times. Our Cabinetry Expert provided excellent service. Highly recommended." - *Jeff K.*

"I have worked with CSH twice now. First was a full kitchen remodel, and the second we just added a dry bar to our new home. Our Cabinetry Expert listened to every detail and we got the whole thing done over the phone and emails. We couldn't be happier with the outcome." - *Katy F.*

"CSH and especially our Cabinetry Expert gave the kind of caring superb service that is totally nonexistent these days. I can't recommend them highly enough. Price, delivery, and quality of the JSI cabinets was first class." - *Chris W.*

"I was so happy with the level of personal customer attention extended by our Cabinetry Expert at CSH. She was friendly, helpful, and very responsive. I will definitely order from this company again." - *Jenny L.*

Custom Service Hardware®

Policies, Shipping & Ordering

Order Information

Contact our knowledgeable cabinet sales team by phone, email, or text for personalized assistance with your order. Orders can also be placed online at cshardware.com.

*All cabinet lines, colors, and pricing are subject to availability and change.

Order Changes

If a change needs to be made to an order that has been finalized and placed, please contact your salesperson to discuss the options available. We cannot guarantee that any or all changes can be made, as submitted and confirmed orders are treated as final. Restock and/or cancellation fees may apply.

Returns

Not all vendors accept returns. Please contact your salesperson to discuss return availability. For approved returns, return freight is the responsibility of the purchaser. Returns must be received at the originating warehouse in new, sellable, unassembled condition, in the original box, and will incur a vendor-specific restock fee. No returns can be authorized after 30 days. No returns can be made on items noted as Special Order, Made-to-Order, Semi-Custom, or Fully Assembled Cabinets.

Damage

Freight Shipments must have a notation of "damage" for any damage claim to be considered. Any other comments such as "subject to inspection" are not acceptable. It is the purchaser's responsibility to sign the delivery receipt appropriately - not the delivery driver's. Do not install damaged or defective products. Assembly or modification of the products may void damage claims. CSH is not responsible for reimbursement of labor. To file a claim, please send an email to service@cshardware.com

Contact Us

We're excited to collaborate with you! Our team is ready to explore new possibilities, craft remarkable environments, and meet the distinct requirements of your projects, whether you're building, designing, or managing construction. Your trust matters to us, and we are committed to earning it through responsive service, industry-leading product, and a partnership designed to support your continued success. Let us help you create spaces that reflect your unique vision and elevate your reputation. Here's to the remarkable projects we'll create together, and to a partnership you can always depend on.
