

PUTNAM
ROLLING LADDERS

EST. 1905

**ELEVATING
SPACES
SINCE
1905.**

Putnam Rolling Ladders® has been part of homes and workspaces for generations.

Originating in New York City, Putnam Rolling Ladders has now found its home in Wisconsin, and continues to grow into a symbol of thoughtful design and everyday function.

Every ladder we build is guided by intention. From the materials we select to the way each piece is finished, every detail is carefully considered and tailored to the space it will live in. Designed to be used, trusted, and lived with, each ladder brings together craftsmanship, purpose, and quiet beauty.

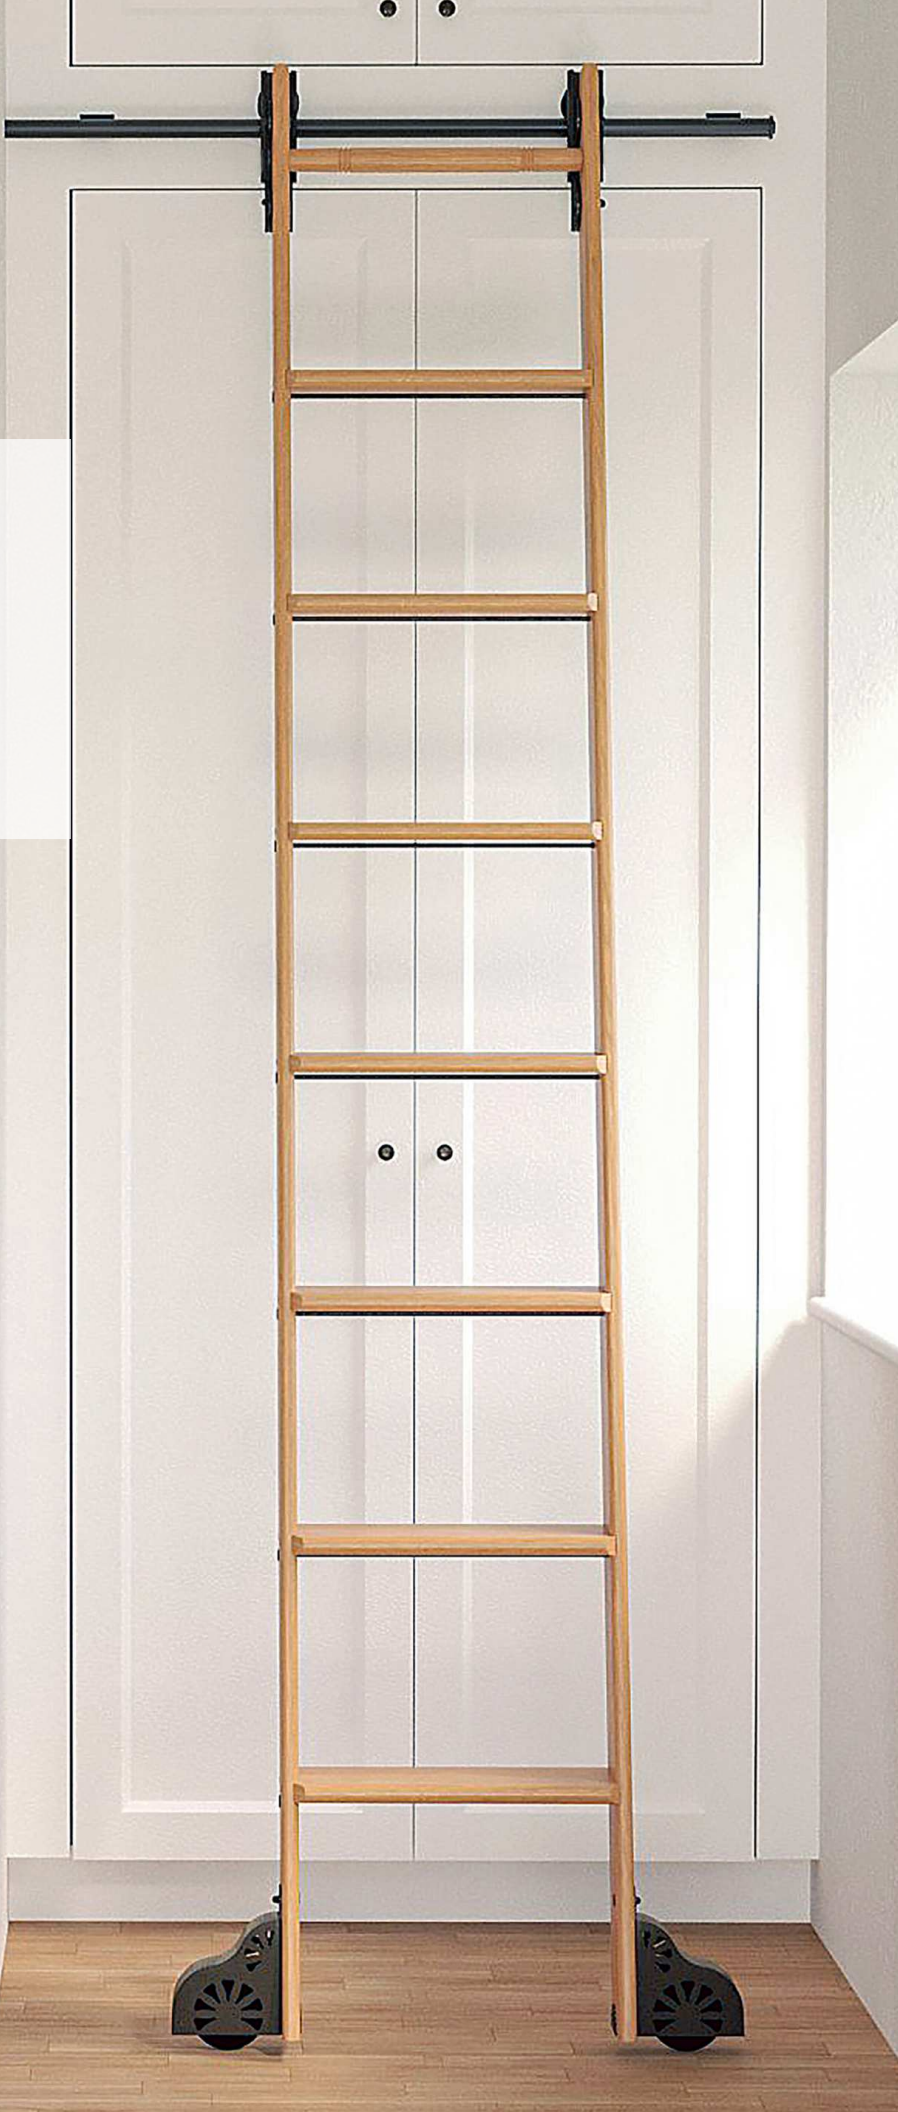

Here at Putnam Rolling Ladders we are honored to uphold the same value and integrity established in 1905.

Classic No. 1, Satin Brass, Maple

The Collection

Putnam Rolling Ladders® offers a range of rolling ladder systems designed to fit naturally into your space. With styles that span from classic to contemporary, each ladder is crafted with care, purpose, and lasting beauty. Explore the collection to find the details and finishes that feel right for your home or workspace.

Enjoy the contemporary lines and affordability of our Meadow Lane wooden ladder. An excellent choice for a home or business.

Quiet Glide embodies its name with its smooth, noiseless operation. Each ladder and hardware piece is custom-made in Wisconsin.

Custom-made and entirely distinctive, this original 1905 Putnam design remains a key offering with every bit of its original vintage charm.

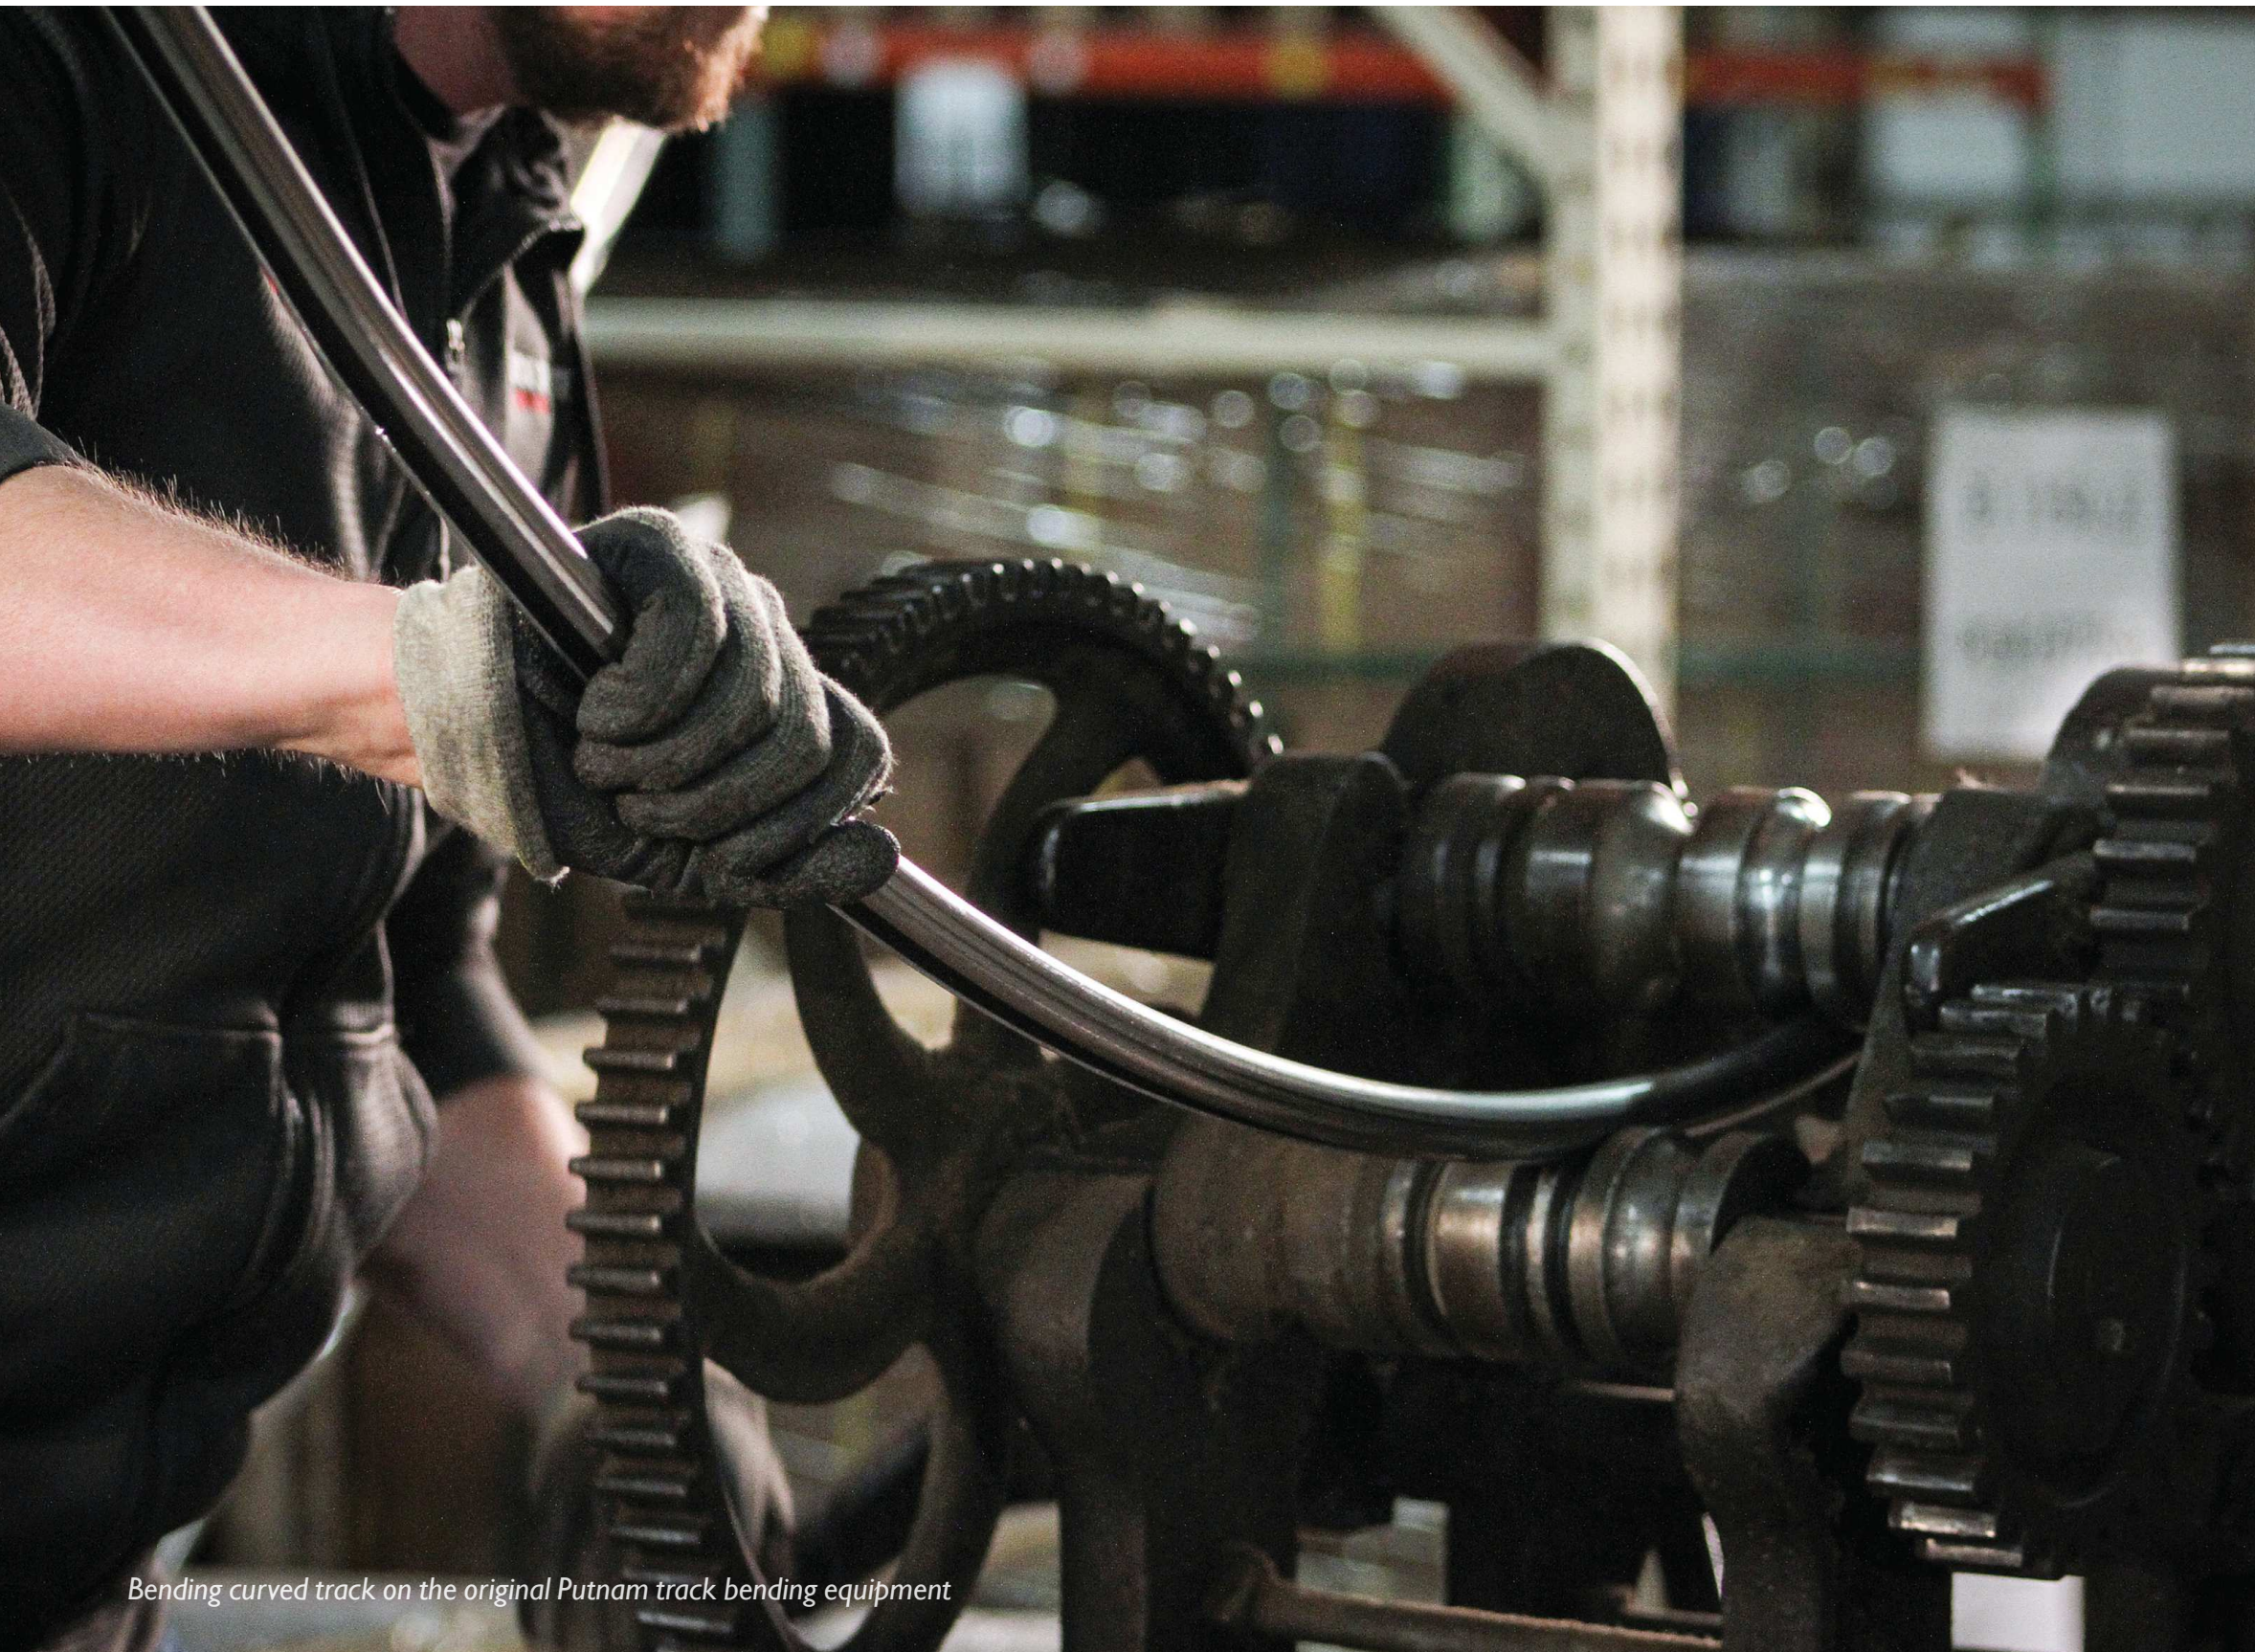

Modern sophistication in a rolling ladder system. ALTA pushes the boundaries with a linear, clean silhouette, perfect for enhancing any aesthetic.

PUTNAM CLASSIC

Nº 1

Custom-made and entirely unique, the original 1905 Putnam design remains the foundation of our collection. Known as the Classic No. 1, this iconic ladder reflects the timeless elegance and craftsmanship that have defined Putnam Rolling Ladders® for over a century. Every detail speaks to its heritage, from the materials selected to the way each piece is carefully finished by hand.

Our manufacturing process is deeply rooted in tradition. For generations, we have relied on the same original equipment to handcraft every curved track that leaves our shop, preserving the methods and care that set our ladders apart.

With a range of select wood species, timeless hardware finishes, and thoughtful customization options, the Classic No. 1 is designed to be tailored to your space while honoring its historic roots.

ALTA

ALTA represents modern sophistication in a rolling ladder system. Defined by a clean, linear silhouette, it brings a contemporary presence to any space while maintaining the performance and craftsmanship Putnam Rolling Ladders® is known for. Designed to move smoothly and quietly, ALTA pairs thoughtful engineering with refined design for an effortless user experience.

Every ALTA system is created and refined in Wisconsin, with the same attention to detail and craftsmanship found across all Putnam Rolling Ladder collections. Its materials and finishes are thoughtfully chosen to support smooth performance, long-term reliability, and a clean, modern appearance.

Blending metal and wood with intention, ALTA offers a modern interpretation of heritage craftsmanship. Subtle finishes, precise detailing, and a clean, fastener-less appearance allow the system to integrate seamlessly into contemporary interiors while still feeling grounded in tradition.

Welding a Quiet Glide wheel

**QUIET
GLIDE**

Quiet Glide® brings together classic design and modern innovation in a rolling ladder system defined by smooth, refined movement. True to its name, the system is designed to operate quietly and effortlessly, offering a balanced combination of function and understated style that complements a wide range of spaces.

Every Quiet Glide ladder is built with the same attention to detail and craftsmanship found across all Putnam Rolling Ladders® collections. Each component undergoes a careful finishing process to ensure long-term reliability, durability, and a consistent appearance over time.

With a selection of wood species, hardware finishes, and accessories, Quiet Glide is designed to be tailored to your space, allowing style and function to work seamlessly together.

Defined by a clean, simplified expression, Meadow Lane™ offers a thoughtful balance of form and function. Its straightforward design brings a calm, intentional presence to a space while preserving the everyday utility of a rolling ladder. Subtle refinements throughout add warmth and character without distraction.

With easy functionality and a relaxed, welcoming aesthetic, Meadow Lane feels at home in kitchens, lofts, libraries, and beyond. It's a style that complements its surroundings rather than competing with them, offering a natural fit across a range of interiors.

Each Meadow Lane wood ladder is handcrafted in the Midwest and built with the same care and attention to detail found throughout the Putnam Rolling Ladder® family. Available in select wood species and hardware finishes, Meadow Lane can be tailored to suit your space with simplicity and intention.
